

# WE CARE, SO YOU CAN RELAX

## Service maintenance

Avoid downtime and unnecessary spare part purchases. Proactivity is extremely important when it comes to offering a well-functioning machine park and to be able to offer a good training experience. We offer two different care programs.

## BASE CARE

A service designed to cover basic maintenance and repair. Suited for customers who want periodic preventative maintenance on a regular basis. You will get full equipment documentation, 10% discount on both spare parts and on technician's time.

## PREMIUM CARE

A service designed to cover maintenance and repair, keeping equipment in top condition while efficiently managing costs. No unforeseen costs, better control and much easier to plan budget period.
